

New Modern Technology Limited

4-August-2017

TO WHOM IT MAY CONCERN

Mr. Sizhe Yuen has been working as Programmer (Summer Intern) in the System Development and Support team of our company from 1-June-2017 to 31-July-2017 under my supervision.

During this period, Sizhe was assigned to work in the project team responsible for the system development project of financial analysis application for a major container terminal operator in Hong Kong. Sizhe is required to perform software program analysis and development for the financial analysis system including the user interface, data access service and data maintenance. He also participated in support and maintenance of our production solution, a software release management suite which had been deployed to a global terminal operator.

Sizhe has been able to complete his assignments with minimum supervision. He has worked closely with other team members at our Shenzhen development center to deliver his work. His creativity and innovation had been, on a lot of occasions, instrumental in successfully delivered the system on time with pre-defined work schedule.

I am confident that Sizhe would be an outstanding employee at your company with his enthusiasm and professionalism. I believe he will continue to be so for whichever organization he will be working for.

Please do not hesitate to contact me if you have any further questions. Thank you.

Yours sincerely

A blue ink signature of Edmond Choi is written over a circular blue stamp. The stamp contains the text 'NEW MODERN TECHNOLOGY LIMITED' around the perimeter and 'Edmond Choi' in the center.
